**7 CFR Part 959**

**[Doc. No. AMS-FV-12-0039; FV12-959-1 PR]**

**Onions Grown in South Texas; Increased Assessment Rate**

**AGENCY:** Agricultural Marketing Service, USDA.

**ACTION:** Proposed rule.

**SUMMARY:** This rule would increase the assessment rate established for the South Texas Onion Committee (Committee) for the 2012-13 and subsequent fiscal periods from \$0.025 to \$0.03 per 50-pound equivalent of onions handled. The Committee locally administers the marketing order which regulates the handling of onions grown in South Texas. Assessments upon onion handlers are used by the Committee to fund reasonable and necessary expenses of the program. The fiscal period begins August 1 and ends July 31. The assessment rate would remain in effect indefinitely unless modified, suspended, or terminated.

**DATES:** Comments must be received by [INSERT DATE 10 DAYS AFTER THE DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** Interested persons are invited to submit written comments concerning this rule. Comments must be sent to the Docket Clerk, Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA, 1400 Independence Avenue

SW, STOP 0237, Washington, DC 20250-0237; Fax: (202) 720-8938; or Internet: <http://www.regulations.gov>. Comments should reference the document number and the date and page number of this issue of the **Federal Register** and will be available for public inspection in the Office of the Docket Clerk during regular business hours, or can be viewed at: <http://www.regulations.gov>. All comments submitted in response to this rule will be included in the record and will be made available to the public. Please be advised that the identity of the individuals or entities submitting the comments will be made public on the Internet at the address provided above.

**FOR FURTHER INFORMATION CONTACT:** Doris Jamieson, Marketing Specialist or Christian D. Nissen, Regional Director, Southeast Marketing Field Office, Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA; Telephone: (863) 324-3375, Fax: (863) 325-8793, or E-mail: [Doris.Jamieson@ams.usda.gov](mailto:Doris.Jamieson@ams.usda.gov) or [Christian.Nissen@ams.usda.gov](mailto:Christian.Nissen@ams.usda.gov).

Small businesses may request information on complying with this regulation by contacting Laurel May, Marketing Order and Agreement Division, Fruit and Vegetable Program, AMS, USDA, 1400 Independence Avenue SW, STOP 0237,

Washington, DC 20250-0237; Telephone: (202) 720-2491, Fax: (202) 720-8938, or E-mail: Laurel.May@ams.usda.gov.

**SUPPLEMENTARY INFORMATION:** This rule is issued under Marketing Order No. 959, as amended (7 CFR part 959), regulating the handling of onions grown in South Texas, hereinafter referred to as the "order." The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), hereinafter referred to as the "Act."

The Department of Agriculture (USDA) is issuing this rule in conformance with Executive Order 12866.

This rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under the marketing order now in effect, South Texas onion handlers are subject to assessments. Funds to administer the order are derived from such assessments. It is intended that the assessment rate as proposed herein would be applicable to all assessable onions beginning on August 1, 2012, and continue until amended, suspended, or terminated.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any obligation imposed in

connection with the order is not in accordance with law and request a modification of the order or to be exempted therefrom. Such handler is afforded the opportunity for a hearing on the petition. After the hearing, USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA's ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This rule would increase the assessment rate established for the Committee for the 2012-13 and subsequent fiscal periods from \$0.025 to \$0.03 per 50-pound equivalent of onions.

The South Texas onion marketing order provides authority for the Committee, with the approval of USDA, to formulate an annual budget of expenses and collect assessments from handlers to administer the program. The members of the Committee are producers and handlers of South Texas onions. They are familiar with the Committee's needs and with the costs for goods and services in their local area and are thus in a position to formulate an appropriate budget and assessment rate. The assessment rate is formulated and discussed in a public meeting. Thus, all

directly affected persons have an opportunity to participate and provide input.

For the 2009-10 and subsequent fiscal periods, the Committee recommended, and USDA approved, an assessment rate that would continue in effect from fiscal period to fiscal period unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other information available to USDA.

The Committee met on June 26, 2012, and unanimously recommended 2012-13 expenditures of \$145,467 and an assessment rate of \$0.03 per 50-pound equivalent of onions. In comparison, last year's budgeted expenditures were \$190,467. The assessment rate of \$0.03 is \$0.005 higher than the rate currently in effect. The Committee's 2012-13 crop estimate of five million 50-pound equivalents is lower than the six million estimated for last year, and would not generate adequate assessment income to cover budgeted expenses at the \$0.025 rate. With the recommended \$0.005 increase, assessment income should approximate \$150,000. The increased assessment rate should provide sufficient funds to cover anticipated 2012-13 expenses.

The major expenditures recommended by the Committee for the 2012-13 fiscal period include \$46,610 for compliance, \$37,050 for administrative, and \$32,942 for management.

Budgeted expenses for these items were the same in 2011-12. The reduction in overall budgeted expenses from \$190,467 to \$145,467 is due to the elimination of market development programs.

The assessment rate recommended by the Committee was derived by dividing anticipated expenses by expected shipments of South Texas onions. Onion shipments for the year are estimated at five million 50-pound equivalents which should provide \$150,000 in assessment income. Income derived from handler assessments, along with interest income, would be adequate to cover budgeted expenses. Funds in the reserve (currently \$107,162) would be kept within the maximum permitted by the order (approximately two fiscal periods' expenses as authorized in § 959.43).

The proposed assessment rate would continue in effect indefinitely unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other available information.

Although this assessment rate would be in effect for an indefinite period, the Committee would continue to meet prior to or during each fiscal period to recommend a budget of expenses and consider recommendations for modification of the assessment rate. The dates and times of Committee meetings are available from the Committee or USDA.

Committee meetings are open to the public and interested persons may express their views at these meetings. USDA would evaluate Committee recommendations and other available information to determine whether modification of the assessment rate is needed. Further rulemaking would be undertaken as necessary. The Committee's 2012-13 budget and those for subsequent fiscal periods would be reviewed and, as appropriate, approved by USDA.

#### **Initial Regulatory Flexibility Analysis**

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601-612), the Agricultural Marketing Service (AMS) has considered the economic impact of this rule on small entities. Accordingly, AMS has prepared this initial regulatory flexibility analysis.

The purpose of the RFA is to fit regulatory actions to the scale of business subject to such actions in order that small businesses will not be unduly or disproportionately burdened. Marketing orders issued pursuant to the Act, and the rules issued thereunder, are unique in that they are brought about through group action of essentially small entities acting on their own behalf.

There are approximately 85 producers of onions in the production area and approximately 30 handlers subject to regulation under the marketing order. Small agricultural

producers are defined by the Small Business Administration (SBA) as those having annual receipts less than \$750,000, and small agricultural service firms are defined as those whose annual receipts are less than \$7,000,000 (13 CFR 121.201).

According to Committee data and information from the National Agricultural Statistical Service (NASS), the average price for South Texas onions during the 2010-11 season was around \$7.35 per 50-pound equivalents and total shipments were approximately 5.4 million 50-pound equivalents. Using the average price and shipment information and assuming a normal distribution, the majority of South Texas onion producers would have annual receipts of less than \$750,000. In addition, based on available information, approximately 80 percent South Texas onion handlers could be considered small businesses under SBA's definition. Thus, the majority of South Texas onion producers and handlers may be classified as small entities.

This rule would increase the assessment rate established for the Committee and collected from handlers for the 2012-13 and subsequent fiscal periods from \$0.025 to \$0.03 per 50-pound equivalent of onions. The Committee unanimously recommended 2012-13 expenditures of \$145,467 and an assessment rate of \$0.03 per 50-pound equivalent. The

proposed assessment rate of \$0.03 is \$0.005 higher than the 2011-12 rate. The quantity of assessable onions for the 2012-13 fiscal year is estimated at five million 50-pound equivalents, compared to an estimated six million 50-pound equivalents last year. The current assessment rate of \$0.025 would not generate sufficient revenue to meet expenses, however the \$0.03 rate should provide \$150,000 in assessment income and be adequate to meet this year's expenses.

The major expenditures recommended by the Committee for the 2012-13 fiscal period include \$46,610 for compliance, \$37,050 for administrative, and \$32,942 for management. Budgeted expenses for these items were the same in 2011-12. The reduction in overall budgeted expenses from \$190,467 to \$145,467 is due to the elimination of market development programs.

Prior to arriving at this budget, the Committee considered information from various sources, such as the Committee's Budget and Personnel Committee and the Marketing Committee. Alternative expenditure levels were discussed by these groups, based upon the relative value of various promotional projects to the South Texas onion industry. The assessment rate of \$0.03 per 50-pound equivalent of assessable onions was then determined by

dividing the total recommended budget by the quantity of assessable onions, estimated at five million 50-pound equivalents for the 2012-13 fiscal period. Assessment income should approximate \$150,000, \$5,333 above anticipated expenses, which the Committee determined to be acceptable.

A review of historical information and preliminary information pertaining to the upcoming fiscal period indicates that the grower price for the 2012-13 fiscal period could range between \$6.60 and \$9.80 per 50-pound equivalent of onions. Therefore, the estimated assessment revenue for the 2012-13 fiscal period as a percentage of total grower revenue could range between .3 and .45 percent.

This action would increase the assessment obligation imposed on handlers. While assessments impose some additional costs on handlers, the costs are minimal and uniform on all handlers. Some of the additional costs may be passed on to producers. However, these costs would be offset by the benefits derived by the operation of the marketing order. In addition, the Committee's meeting was widely publicized throughout the South Texas onion industry and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the June 26, 2012, meeting was a public meeting and all entities, both large

and small, were able to express views on this issue. Finally, interested persons are invited to submit comments on this proposed rule, including the regulatory and informational impacts of this action on small businesses.

In accordance with the Paperwork Reduction Act of 1995, (44 U.S.C. Chapter 35), the order's information collection requirements have been previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581-0178 (Vegetable and Specialty Crops). No changes in those requirements as a result of this action are necessary. Should any changes become necessary, they would be submitted to OMB for approval.

This proposed rule would impose no additional reporting or recordkeeping requirements on either small or large South Texas onion handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

AMS is committed to complying with the E-Government Act, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this rule.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at:

[www.ams.usda.gov/MarketingOrdersSmallBusinessGuide](http://www.ams.usda.gov/MarketingOrdersSmallBusinessGuide). Any questions about the compliance guide should be sent to Laurel May at the previously-mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 10-day comment period is provided to allow interested persons to respond to this proposed rule. Ten days is deemed appropriate because: (1) The 2012-13 fiscal period began on August 1, 2012, and the marketing order requires that the rate of assessment for each fiscal period apply to all assessable onions handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay its expenses which are incurred on a continuous basis; and (3) handlers are aware of this action which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

#### **List of Subjects in 7 CFR Part 959**

Marketing agreements, Onions, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, 7 CFR part 959 is proposed to be amended as follows:

PART 959 - ONIONS GROWN IN SOUTH TEXAS

1. The authority citation for 7 CFR part 959 continues to read as follows:

Authority: 7 U.S.C. 601-674.

2. Section 959.237 is revised to read as follows:

§ 959.237 Assessment rate.

On and after August 1, 2012, an assessment rate of \$0.03 per 50-pound equivalent is established for South Texas onions.

Dated: January 30, 2013

David R. Shipman  
Administrator  
Agricultural Marketing Service
